GREETINGS FROM THE DIRECTOR...

Dear Neighbors,

A number of exciting and creative projects are planned for this spring. Krusi Park will undergo significant renovation with the replacement of the recreation building, improvements to the picnic area, pathway, and lighting systems. The design process will include public meetings to gain input regarding the amenities and design features.

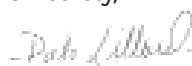

Mastick Senior Center, through the fundraising efforts of the Mastick Senior Center Advisory Board, is renovating their lobby area and adjacent rooms. It is anticipated that the project will be completed by early February. Please feel free to drop by and see the new renovation.

In addition, a consultant has been selected and a contract awarded to complete a Park Facilities Master Plan. This project will inventory existing facilities, make recommendations for improvements, as well as estimated costs. It will also study demographic trends to assist in future planning and identify potential park sites.

Please keep an eye out for the press releases and on the City's website for dates and times of the community meetings. We invite you to search through the enclosed offerings and select programs of interest for you and your family.

We also encourage you to utilize the vast number of facilities as the warmer spring weather approaches.

Sincerely,

Dale Lillard, Director

Alameda Recreation, Parks & Golf Operations
